

WE THE
FUTURE

ÉCOLLABO8

#zenowaste

91 Percent of Plastic of all plastic produced Isn't Recycle worldwide and 79% is accumulated in landfills due to the lack of proper infrastructure to manage all these wastes in Indonesia the amount of plastic outnumbering fish is already the realty. What's worse, only a mere one percent of all collected waste is being recycled.

Created to Make a Change in 2019, eCollabo8 is a plastic recycling company based in Indonesia. Our objective is to show people the value of their trash, collaborate with local and international brands to reach a common goal, make a positive change be more environment respectful in our innovations, educate and empower local communities.

Sedex² | Member

As a company that develops and distributes recycled plastic products around the world, we are proud to join initiatives that underpin our commitment to responsible business practices and reinforce our culture of sustainability.

We use SEDEX/SMETA tools and audits with a view to continuous improvement, ensuring that our activities are based on ethical principles with respect for human and labour rights, as well as the environment, health and safety at work.

As Sedex members, we aim to contribute to a more sustainable supply chain.

OUR IMPACT MAKES A **CHANGE**

We are addressing to 7 of the UN's sustainable development goals.

- ZERO HUNGER
- QUALITY EDUCATION
- SUSTAINABLE CITIES & COMMUNITIES
- RESPONSIBLE CONSUMPTION & PRODUCTION
- LIFE BELOW WATER
- LIFE ON LAND
- PARTNERSHIP FOR THE GOALS

SEEDS OF HOPE

#nohunger

We also do it for the next generations!

10% of our profit goes towards a local orphanage. As part of our sponsorship, we bring weekly food supplies, organic veggies from the local producers. We help provide workers when there is a need for repairs. We would like to have a long term impact on those amazing kids and we organize weekly workshops to try and find hidden talent or just nourish a passion. Music, painting, yoga, meditation, art craft, water sanitation, and trying to bring as much awareness towards trash and its impact as possible.

FOOD DELIVERIES

Covid has brought Bali and a large part of its inhabitant into precarious situation. during that period, we collaborated with a local organization to deliver weekly food supplies to the most rural areas of the Island.

STUDENTS EDUCATION WORKSHOPS

Any change can only come through education, once a month, we welcome students of all ages in our facility to educate them on the different type of plastic, it's use and impact as well as to show them the possibilities of recycling.

"My wish is to create a bunch of sustainable entrepreneurs"

Kevin Vignier CEO

Specialized in designing and creating recycled plastic molded products. Keychains combs or we create unique, meaningful products with our clients. From 3D digital model, to 3D sample print, we ensure a total satisfaction before creating a unique mold and starting production.

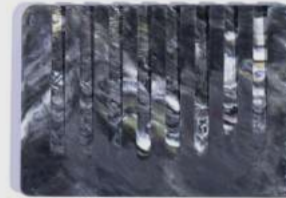

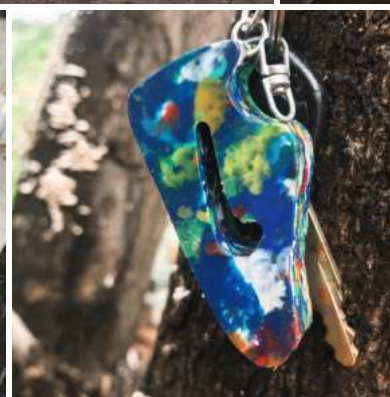

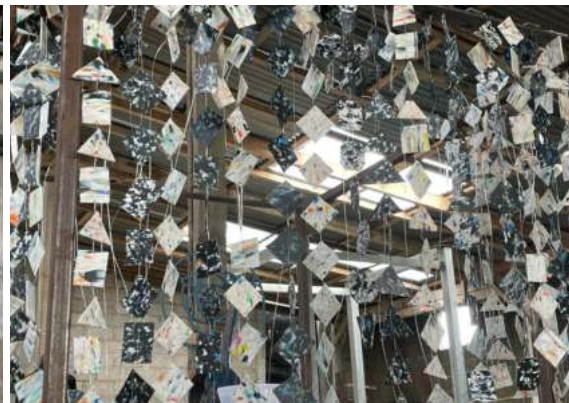

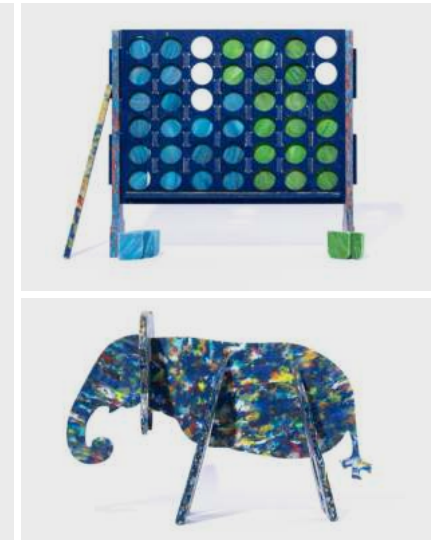

THE BODY SHOP

BRING BACK OUR BOTTLE

this collaboration with The Body Shop, where customer bring back their empty containers for us to create new products allow us to produce on average 10.000 units per months.

Custom made indoor and outdoor furnitures, diversification is one of our objective, multiplying the ways to recycle plastic into long lasting high end products. We have 2 different processes to create our furnitures line. The Panels, dedicated for indoor purposes, and the planks, for outdoor purpose, our machinery allow us to safely produce outdoor plastic planks by making them heat and UV resistant.

ART

Designing one of a kind items,
collaboration with artists to repurpose
plastic trash into unique art pieces.

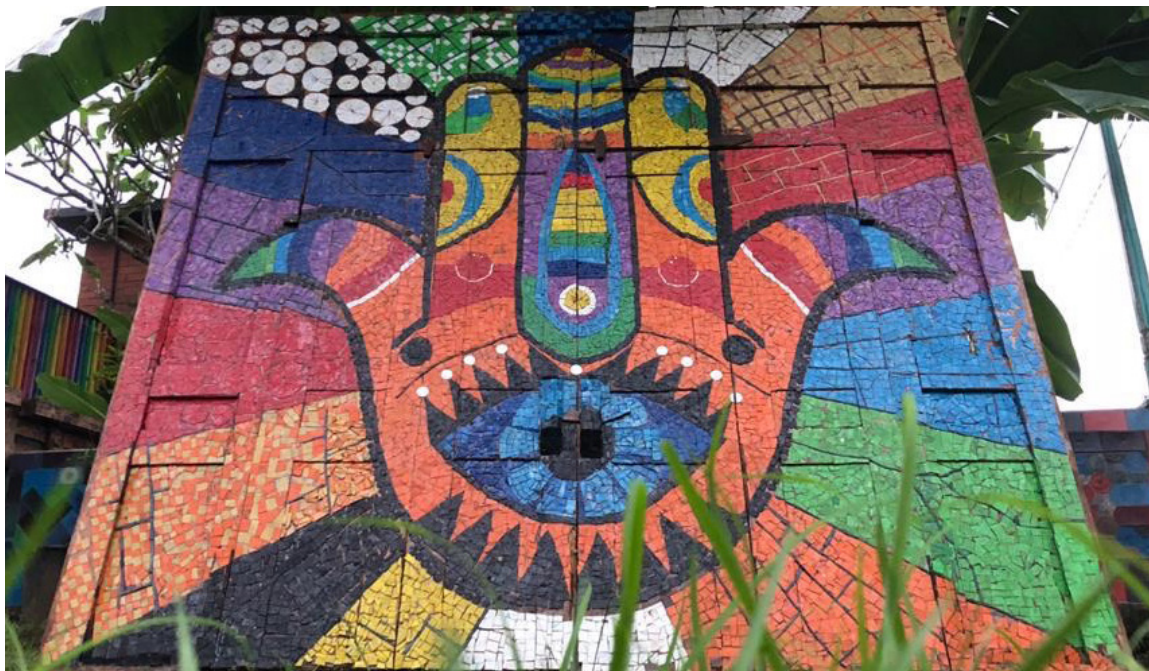

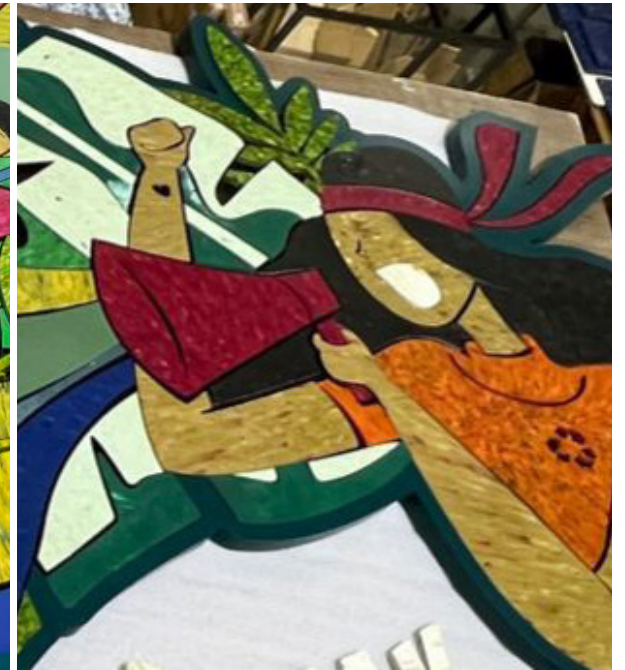

Thor “everyone holds the power to make a change. A collaboration with Disney and Marvel for the movie premier “Thor love and thunder” A combination of our different technologies, planks, panels, and hand craved silver, cactus leather, traditional engraving on reclaimed wood to create this weapon exposed at The Marvel exhibition in Jakarta.

MARVEL

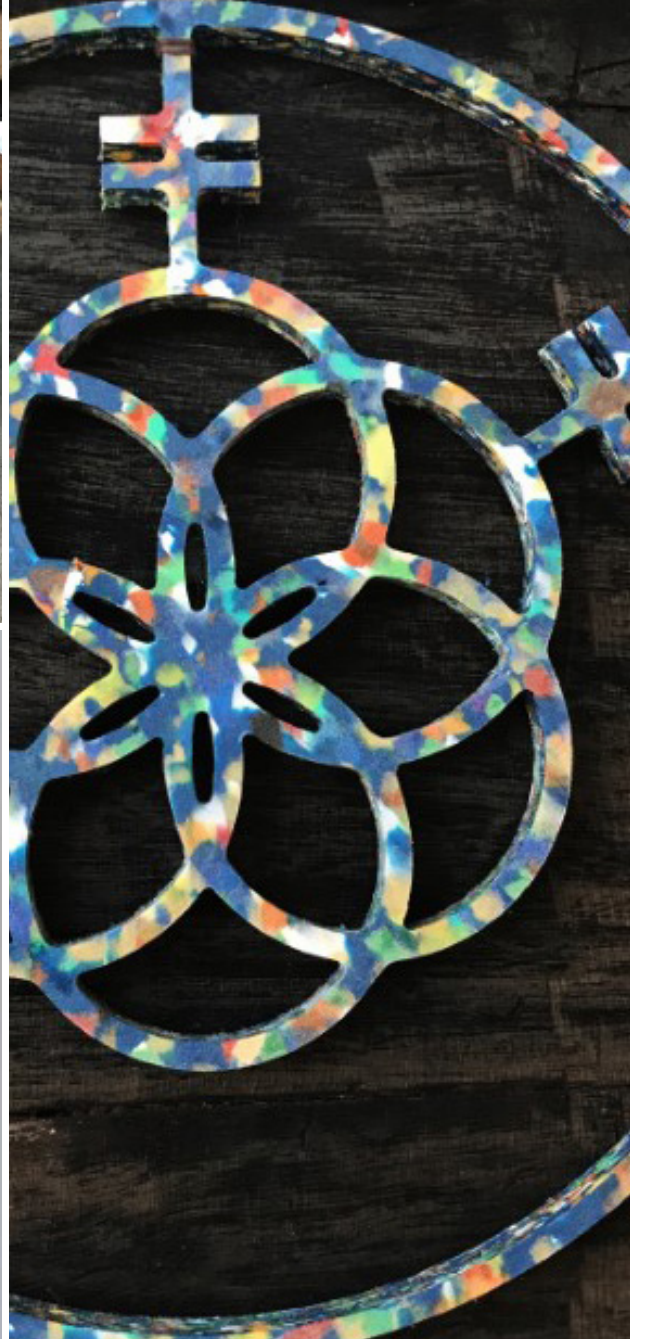

Disney

ANYTHING IS POSSIBLE.
LET'S LEAD THE CHANGE TOGETHER

From shirt buttons, keychains, to billboard or outdoor
furnitures, we thrive to find solution to innovate and
find ways to impact our surroundings.
